Storyteller & Evaluator

1

Storytelling

Storyteller, describe a short real-life or fictional situation in which competences of democratic culture may apply.

Proposer

2

Proposal

Proposer, please choose and anounce a number of 1-3 cards from your deck to apply to the story. Place them face down in front of you.

Then, receive 1 random and face down card from each Evaluator, shuffle all 4-6 cards under the table and place them as a row of cards face up on the table, showing their competences.

Evaluator

3

Evaluation

Evaluators, discuss all displayed cards trying to find applicable competences to the story and to guess the Proposer's cards. Choose and mark any number of cards.

Flip the chosen cards, competence by competence. Cards in the colour of the Proposer are correct guesses, other coloured cards are incorrect guesses (except they are in the same group of cards as a card in the Proposer's colour because they show the same competence).

Evaluator

3

Evaluation

Evaluators, discuss all displayed cards trying to find applicable competences to the story and to guess the Proposer's cards. Choose and mark any number of cards.

Flip the chosen cards, competence by competence. Cards in the colour of the Proposer are correct guesses, other coloured cards are incorrect guesses (except they are in the same group of cards as a card in the Proposer's colour because they show the same competence).

Scoring & Game End

4

End of Round

Correctly guessed cards are stacked on the left as victory points.

Incorrectly guessed cards are stacked on the right as negative victory points. Check for end of the game.
CDC Cards

This game was created in the DEMOGAMES project. Here you will also find other games for democracy-related education and translated versions of this game: https://demogames.eu
